*per person double occupancy, airfare included from Omaha*

A must-see destination! Special "Total Solar Eclipse" Departure! Iceland is a unique destination that offers pristine nature, boasting geysers, geothermal pools, waterfalls and wildlife, breathtaking landscapes and a vibrant culture. Don't miss this once-in-a-lifetime opportunity to experience the Land of Fire and Ice!

## ITINERARY

### August 8 – Depart Omaha / Overnight flight to Keflavik Airport

Meet us today at one of our many convenient pick-up points as we make our way to Omaha's Eppley Airfield and connect to our overnight flight to Iceland.

### August 9 – Reykjavik

Good morning and welcome to Iceland! Iceland is full of surprises! For one, it isn't covered in ice! It's a stunning mix of green plains, wild volcanic scenery, beautiful coasts and lakes, spouting geysers, hot springs, mud pools, clean, fresh air and sophisticated cities. Upon arrival at Keflavik International Airport, be met by our Local Tour Guide and motorcoach and head into Reykjavik, Iceland's capital city of just over 140,000 people and the world's northernmost capital city. We enjoy a guided city tour of Reykjavik, the heart of Iceland's cultural and economic activity with a variety of restaurants, museums, galleries and theaters. The city center is home to many charming historic buildings of stone and timber contrasting with imaginative modern architecture. It has the features of a modern city complemented by a close connection to many natural wonders right on the city's doorstep. Our tour includes a visit to the National Museum of Iceland, a perfect introduction to Iceland's past and present. Continue to the quaint town of Hveragerdi, where we'll check-in to our hotel accommodations and enjoy an evening welcome dinner together. **(D)**

### August 10 – South Shore / Seljalandsfoss & Skogafoss Waterfall / Black Sand Beach

After breakfast, our adventure to the South Shore begins! We journey through small villages and farmlands along Iceland's majestic mountains. Iceland is also famous for its waterfalls, and we'll see two of the most magnificent – the Seljalandsfoss – which tumbles over high rock escarpments allowing you to walk behind the waterfall, and Skogafoss. We visit the Skogar Folk Museum and learn about the preservation and cultural heritage of Southern Iceland. Continue to the seashore, passing by sheer cliffs with an opportunity to step out on the beautiful Reynisfjara black sand beach. Our accommodations this evening are just outside of the village of Vik – the southernmost village in Iceland. **(B)**

### August 11 – Reykjanes Peninsula / Blue Lagoon

This morning, head for the rough tracks of Reykjanes, one of the most active volcanic areas in Iceland. Then, a remarkable life-enriching experience awaits this afternoon when we visit the Blue Lagoon. The Blue Lagoon is a lake of warm-mineral rich geothermal water, internationally renowned for its healing prowess and beneficial effect on the skin. Located in the middle of a lava field in the pure and beautiful Icelandic wilderness, water is heated by underground volcanic activity at a depth of over 5,400 feet and is pumped to the surface to form this man-made wonder. Visitors from all over the world come here in search of health, relaxation and an exotic experience. You'll get to soak in the pleasantly warm mineral-rich water and includes a silica mud mask, use of towel and the first drink of your choice! This evening we arrive back in Reykjavik and check-in to our centrally located hotel for our three-night stay in the city. **(B)**

### August 12 – Total Solar Eclipse / Whale Watching Tour

Today's the day! The August 12, 2026 eclipse will be a total solar eclipse. A total solar eclipse happens when the Moon passes between the Sun and Earth, completely blocking the face of the Sun. We'll view this remarkable phenomenon from the perfect location on the coast near Reykjavik, where the Moon's shadow completely covers the Sun – known as the path of totality. The sky will darken, as if it were dawn or dusk, in the middle of the day! This morning before the eclipse we'll head to the nearby dock for our whale watching excursion! This three-hour tour features a naturalist guide on-board the vessel who will share knowledge of these magnificent creatures while searching for pods of whales in the area. Our day ends with some free time in the vibrant city center to explore at your leisure. **(B)**

### August 13 – Golden Circle Day Tour

On our full-day tour of the Golden Circle, enjoy scenic drives along with fascinating geological and historic sites of the island. Our excursion includes a drive to the UNESCO World Heritage Site of Thingvellir National Park – a remarkable geological site and one of the few spots in the world where the Mid-Atlantic Ridge is seen above the water. The amazing canyon that runs through the park is a meeting point of two of the earth's tectonic plates. You'll see outstanding natural wonders when you visit Geysir, Iceland's most famous area for thermal activity. View "Strokkur", one of the most active geysers, and "Gullfoss" (Golden Waterfall), Iceland's most famous waterfall. Before returning to Reykjavik, we visit a local farm for the chance to meet some of the native Icelandic horses. After our tour this evening we enjoy a farewell dinner together. **(B, D)**

### August 14 – Return Home

Following breakfast, transfer to Keflavik Airport and bid a fond farewell to amazing Iceland, as you return home with many memorable life-enriching experiences. Upon arrival in Omaha, say goodbye to your fellow travelers and Moostash Joe Tour Director as you arrive back at your initial pick-up points. **(B)**
