# NATIONAL PARKS

"Ladies and Gentlemen, this is truly a once-in-a-lifetime tour! You will be blown away by the beauty and majesty of America's awesome National Parks. This remarkable itinerary will take you to 13 National Parks and Monuments in 13 days! Both tours will sell out quickly! Don't wait!"

– *Joey Spellerberg, President, Moostash Joe Tours*

## THE NATIONAL PARKS TOUR INCLUDES:

- **Rocky Mountain National Park** – Truly one of America's natural treasures, the trip across the Trail Ridge Road reaches an elevation of over 12,000 feet and features dramatic scenic grandeur throughout. Along our route are the Estes Park resort area, the spectacular mountain setting of the Alpine Visitor Center, where lunch will be included, as well as glacial Lake Granby.
- **Colorado National Monument** – This splendid park just west of Grand Junction gives testimony to the amazing results of nature's erosional forces...here are rounded domes and towering monoliths surrounded by the vertical walls of deep canyons. The 23-mile-long Rim Rock Drive here is unquestionably among the premier scenic drives in the American West.
- **Canyonlands National Park with Canyonlands by Night Jet Boat Trip on the Colorado River** This expansive wilderness of countless canyons and fantastically formed buttes was carved by the Colorado River and its tributaries. Here we'll explore the awesome Island in the Sky District, including Upheaval Dome and Grand View Point, plus take a short hike to view the canyons through the "window" of Mesa Arch.
- **Arches National Park** – We'll spend an afternoon in this great park among red sandstone eroded by wind, water, and time into massive arches, windows, spires, and pinnacles...the world's largest collection of natural stone arches. "Park Avenue," Double Arch, Skyline Arch, and the viewpoint beneath renowned Delicate Arch are all along our route.
- **Capitol Reef National Park** – This beautiful park is known for its white sandstone "Capitol Dome" and other rock formations which cap massive reef-like cliffs. The Capitol Gorge Scenic Drive, Gifford Homestead Museum and sweeping panoramic views are sure to delight.
- **Grand Staircase-Escalante National Monument** – We'll follow Utah's incredible Highway 12 Scenic Byway, one of the nation's finest scenic drives, winding through alpine mountains, spectacular canyons, and colorful rock formations, including the Escalante Canyons as we enter this magnificent national monument, created by presidential proclamation in 1996.
- **Bryce Canyon National Park** – We're sure to appreciate the famed "Pink Cliffs" of awesome Bryce Canyon National Park, where vividly-colored, fantastic rock forms approximate castles, temples, even whole cities sculptured in stone. We'll experience the park's wonders from such scenic overlooks as Rainbow, Farview, Bryce and Inspiration Points.
- **Zion National Park** – Here the Virgin River has cut a dramatic rugged gorge through multi-hued sandstone, shale and limestone. From the floor of the canyon we'll look up at the towering rock walls surrounding us on all sides as we tour aboard open-air sightseeing trams, complete with narration. Massive "slickrock" formations and the historic Zion Tunnel are also on our itinerary.
- **Glen Canyon National Recreation Area and Lake Powell Cruise** – Near Page, we'll board our cruise boat for an unforgettable afternoon "Canyons Adventure" excursion through Glen Canyon on sky-blue Lake Powell. We'll view Antelope and Navajo Canyons, just a small part of the lake's 1,960 miles of undeveloped shoreline, 96 side canyons, numerous inlets, caves and coves.
- **Grand Canyon National Park** – Truly among the world's greatest spectacles, nothing approaches the awe inspired by this gaping chasm, about one mile deep and ten miles wide. There will be opportunities for incomparable views of this massive gorge at several scenic overlooks. We'll also stop at the park's visitor center and have time for lunch and explore the many Grand Canyon facilities.
- **Monument Valley Navajo Lunch and Jeep Tour** – Under joint administration by the National Park Service and the Navajo Nation, this beautiful canyon has been home to five periods of Native American culture since 2500 B.C. After a traditional Navajo lunch, we'll board four-wheel-drive vehicles driven by expert native guides for a close look at both ancient cliff dwellings and the farms and ranches of modern-day Navajos, whose tribe has lived here since the 17th century.
- **Mesa Verde National Park** – This magnificent park contains some of the largest and best preserved Ancestral Puebloan cliff dwellings in existence. Some 600 structures scattered among nearly 5,000 archaeological sites have been sheltered for centuries in alcoves eroded in the rock walls. Our guided tour will reveal such fine examples as the Spruce Tree House, Cliff Palace, Sun Temple, and Square Tower House.
- **Great Sand Dunes National Park** – one of America's newest national parks, adjacent to the Sangre de Cristo Mountains. We'll explore some of the 30 square miles of awe-inspiring, shifting dunes protected here, some over 700 feet in height, the tallest in North America.
